eFilePlus Changes Effective 2025-26AY

CHANGE REQUEST:

The Teaching Information section in eFilePlus will include new labels and additional document types to support the APM 210 policy revisions (effective March 25, 2024) that address (1) consideration of mentoring and evaluation and (2) evidence of teaching and mentoring effectiveness.

Additionally, these changes support the recommendations from the Joint Senate-Administrative Teaching Evaluation Implementation Committee (TEIC).

PROJECT MILESTONES:
- Fall quarter 2023: specifications approved
- Winter quarter 2024: meetings with Dan Jeske, Ken Baerenklau, and TEIC (included mock-ups)
- Spring quarter 2024: ITS development and ITS/APO testing
- Fall quarter 2024:
  - September – ITS development completed
  - October – APO testing completed
  - November to December – SMEs testing
- January – February 2025: campus-wide demos and communication (includes CALL changes)
- March – April 2025: deployment prep
- May 2025: deploy TE functionality and enable 2025-26 snapshot creation

STUDENT EVALUATION OF TEACHING (SETS):

The numerical and written student evaluations of teaching (SETs) from students collected via iEval will continue to be uploaded into eFilePlus. The changes described here provide additional types of optional evidence for teaching effectiveness that faculty can include in their eFilePlus snapshots.
